

제3회 BK21 FOUR Research Symposium

◆ 일시 : 2023년 2월 1일(수) 13:00 - 18:00

◆ 장소 : 연세대학교 과학관 111호

Symposium I

Poster Presentation

| | |
|---------------|---------------------|
| 13:00 ~ 13:20 | Registration |
| 13:20 ~ 14:20 | Poster Presentation |
| 14:20 ~ 14:30 | Break |

Symposium II

Oral Presentation

[Opening Ceremony]

| | |
|---------------|---|
| 14:30 ~ 14:40 | Opening Remark Kwang Chul Chung (Dean, College of Life Science and Biotechnology, Yonsei University) (Director, Yonsei Education & Research Center for Biosystems, BK21 FOUR) |
|---------------|---|

[Special Lecture]

Chair : **Sang-Jun Ha** (Professor, Yonsei University)

| | |
|---------------|---|
| 14:40 ~ 15:20 | Sungjoo Lee (CEO, Orum Therapeutics, USA & South Korea) "An Entrepreneurial Journey to Cancer Drug Development" |
| 15:20 ~ 16:00 | Insuk Lee (Professor, Yonsei University) "Decoding Our Second Genome for Microbiome Medicine" |
| 16:00 ~ 16:20 | Group Photo & Coffee Break |

[Young Scientist Oral Presentation]

Chair : **Su-Hyeon Lee** (Graduate Student, YONSEI BK21 FOUR)

| | |
|---------------|---|
| 16:20 ~ 16:35 | Sungjin Min (Postdoctoral Researcher, YONSEI BK21 FOUR) "Development of decellularized matrix hydrogels for gastrointestinal organoid culture" |
| 16:35 ~ 16:50 | Jae Hyung Park (Graduate Student, YONSEI BK21 FOUR) "CM-SLP: A cancer metabolism-based drug repurposing platform form oncometabolic precision medicine" |
| 16:50 ~ 17:05 | Sooyeon Park (Graduate Student, YONSEI BK21 FOUR) "Silver Nanoclusters Serve as Fluorescent Rivets Linking Hoogsteen Triplex DNA and Hairpin-Loop DNA Structures" |
| 17:05 ~ 17:20 | Junha Cha (Graduate Student, YONSEI BK21 FOUR) "scHumanNet: a single-cell network analysis platform for the study of cell-type specificity of disease gene" |

[Awards & Closing Ceremony]

| | |
|---------------|---------------------------|
| 17:20 ~ 17:40 | Awards & Closing Ceremony |
| 18:00 ~ 20:00 | Reception |
